SCAN ME

Video promocional y el Libro del arte

El diseño general del libro del arte lo ha hecho Laila. Yo he organizado el documento (duplicar hojas, asignar espacios) para que el grupo pudiera abrir el documento y directamente sabe quien tiene que hacer qué y cómo. Resumiendo, Laila a creado todo el diseño y plantilla y yo la he ajustado para nuestro juego en concreto. A parte de esto he puesto todo lo correspondiente con los sprites que he hecho yo durante el semestre y el apartado de capturas de pantalla In-game.

El video promoional lo ha hecho Laila :)
